

BENPAL IS JLT'S INTERNATIONAL ONLINE EMPLOYEE BENEFITS MANAGEMENT SYSTEM.

BenPal securely communicates employee benefits data to a million users globally, providing employees and employers with easy access to information about their employee benefit programs. BenPal is wholly owned, built and developed by JLT.

EMPLOYEES

BenPal provides employees with a clear picture of their employee benefits.

Reducing the need for paper based communication, employees can keep up to date with their employee benefits by logging into BenPal 24/7 from work or home.

BenPal is flexible and can be used to communicate total reward statements, fixed, voluntary or flexible employee benefit arrangements.

EMPLOYERS

BenPal provides employers with valuable insights into employee benefit costs and membership.

Reports showing membership cover levels and costs can be downloaded from BenPal's employer zone.

Regular data updates mean that employee benefit costs are available on BenPal during the year as employee membership changes, rather than just at an annual renewal.

ADMINISTRATION

Through it's flexible configuration options, BenPal can manage all of an organisation's employee benefits, including insured benefits.

Access to BenPal's real time reporting options can give organisations greater visibility and control of their employee benefits data.

TOTAL REWARD STATEMENTS

Increase visibility and awareness of your employee benefits program using the BenPal Total Reward Statement.

The BenPal Total Reward Statement provides employees with an easy way to understand and find out more about the employee benefits your organisation provides.

Use the BenPal Reward Statement to highlight the value of your employee benefits program and remove the need for paper based communication.

Employees can keep up to date with their employee benefits by logging into BenPal 24/7 from work or home.

ABOUT JLT

Jardine Lloyd Thompson is one of the world's leading providers of insurance, reinsurance and employee benefits related advice, brokerage and associated services. JLT's client proposition is built upon its deep specialist knowledge, client advocacy, tailored advice and service excellence.

JLT is quoted on the London Stock Exchange and owns offices in 40 territories with more than 10,600 employees. Supported by the JLT International Network, it offers risk management and employee benefit solutions in 135 countries.
