JLT Australia have been providing ground-breaking insurance and risk management solutions for the Retirement and Lifestyle sector for more than two decades.

Our combination of international experience and local Australian expertise allows JLT to deliver the most comprehensive range of insurance and risk solution products available. We employ over 750 staff in 21 locations throughout Australia who work tirelessly to ensure quality insurance and risk management outcomes for you.

We understand that your reputation is wholly dependent on the trust your operators and residents have in your own business and brand. Accordingly, the team at JLT Lifestyle and Retirement always invest time to truly understand your business and your values and only design products that consolidate and enhance your customer relationships.

We are different because we offer you a broader choice of how to protect you and your customers beyond just traditional insurance. We then work together with you to make informed decisions about which route delivers the best solution for you based on your needs.
